

Late July Conference

Our team of bible teachers Fidele, Josue, & Chola have just returned from a bible teaching conference at Kabwe which is across the Congo river from Mulongo about 620km from Lubumbashi. The subject was "Knowing God" and our team from Lubumbashi were helped by a team of local teachers who had attended a training conference in Lubumbashi and so were well prepared to teach this course. They were Pastor Samuel the station pastor, and Djongo and Bebe, bible teachers from Mulongo. For 3 days from 25-27th July the 6 teachers taught this course. A good number of people attended from 9 stations in the surrounding area some from as far away as 80km. Numbers attending were from around 740 to 883 on the last day. During the seminar 97 people made recommitments in faith. On the Sunday after the conference the team preached at the church service and there as well many people made recommitments in faith.(See photo 2 of people responding) The team made the long journey home rejoicing! Thank you for your prayers.

Benjamin Muluka and Andre Kapwasa from our board are at present in Ndola attending the Barnabas School of Leadership course which Rowland Forman and Jeremy Lind are teaching. They return Sunday. Pray that this teaching will be a blessing to them and the CDLA work here.

Thanks
Joy & Murray
