

'Odyssey' north by northwest number 35 24th July 2018

Making way for the new!.....

Our contractor is well under way with removing the old main shed, this will be another of those items ticked off the 'to do' list concerning our new build. In other areas we have hit a 'snag' in that we will need to have the building application passed through a sitting of the Council, this has come about due to some local concerns pertaining to our use of the property, all going well it should only be a formality.

Other projects on the 'GO' at present is the clearing of all the trees between the Self-Contained units and the Motels, this has been done to allow us to re-structure the hillside after a minor slip and considering this area has always been of some concern we will be pleased to have it taken care of before the rains arrive. Once the tiered retaining walls are in we can proceed with re-planting and landscaping. It has been interesting hearing comments from our guests since the removal of the tree's, the most common one being how they

now enjoy sitting in the Motel units and being able to look out over the cane fields.

Please continue to pray for our ongoing staffing needs at Tree Tops Lodge, we are now advertising for a couple to take up Gavin & Sue's position as Manager's. They leave in October 2018, ideally the couple would have experience in management and finance, they would also need to raise support as this is a mission position.

Prayer Cards

If you would like our prayer card we would love to send you one from New Zealand or Australia, this will give you something to 'pop' up on the fridge so you remember what we look like. We really do appreciate the prayer and love that we get from you all.
