

HI EVERYONE!

Summer greetings to all!

Here in Paraguay we have been busy lately with lots of different activities – some planned and others that have just “come our way”.

As always, there are kids and teens to invest into with time and mentoring ...

And we have been able to utilize our beautiful facilities to the maximum even over the holiday period...various families have been blessed with "time out" to rest and renew!

"Thank you again...our time at Oasis was beautiful... it was so good for the kids and we had time to gather our thoughts and prepare for the year."

We had “long-stayers” also in our home over the holiday period ... one from NZ and another from a children’s home in the south of Paraguay. Here they are with Frank and Benji on the sand dunes in the middle of the Paraguay River!

Please pray for us in this new year, as we decide what activities to run and how best to continue to reach the youth of Paraguay with God’s love and message of salvation.

Lots of love,

Francisco, Joanna, Melanie and Benji
